Explanation of the Plates.

In the plate catalogue of the Gilbert Sale will be shown all of the Hays numbers in Mr. Gilbert's collection excepting five numbers belonging to Mr. Henry C. Miller, of this city, and the Steigerwalt variety, kindly loaned by Mr. Howard Newcomb. Mr. Miller's coins, as shown, are Nos. 6, 8, 22, 29 and 46. To all three of these gentlemen the cataloguer is greatly indebted. As the coins were only recently photographed, the plates will come out a little late for the sale, but it is confidently expected that these plates will be considerably clearer than those in the Mougey catalogue; it is even expected that they will improve on the Hays plates.

The Price of this plate catalogue will be $2.50.

The catalogue will show the obverses and reverses of every known variety of the cents of 1794, including the new numbers 57 (the "Gilbert"), 58 (the "Chapman") and 59 (the "Steigerwalt"), and give a complete description of each of the three latter.

The plate catalogue, together with a printed list of prices realized for the 1600 odd lots at this sale, will be sent for $3.50 prepaid.

The Plain Catalogues are Free.

CONDITIONS OF SALE.

This is a **bona-fide** public sale, for **prompt cash settlement**, and irresponsible persons who are not sure whether they can pay for what they bid **on, are asked not to bid.** The cataloguer has taken special pains to describe each lot accurately. Errors will be corrected, but he reserves the **sole right** to decide upon any claims. **These are the only conditions** under which bids will be received.

Coins and medals are sold at **so much per PIECE,** and no lot will be separated. The auctioneer will accept any bid up to 50c., then 5c. up to $2.50, when 10c. advance must be bid, up to $10.00, when no advance under 25 cents will be accepted. If there are 5 pieces in a lot and you wish to pay $5.00 for the entire lot, then bid $1.00.
lot, then bid $1.00.

Auction sales are **strictly for cash.** Parties unknown to me and bidding for the first time, must give bank or other reliable reference, or their bids will not be executed.

Forward your bids as early as possible, as thousands of bids have to be entered. Do not make ridiculously low bids, such as 10c. and 15c. on foreign silver coins worth several times over as bullion. Write your bids plainly, with a pen if practicable.

Where the number of pieces in a lot is not given after the description, there is but one piece in the lot.

Be sure you bid on the lot you wish to buy.

All coins, etc., are genuine unless otherwise described.

My charge for executing bids will be 5 per cent. No charge made for bidding except for lots actually purchased. Remit by money order or New York draft.

We will send a printed list of the prices realized for the three days' sale, for $1.50, **cash to be sent in advance.**

If any further information is required as to valuation of lots, or how to bid, please write the cataloguer, Thomas L. Elder.

END OF THE SALE.

The Elder Edition of Hays's Work on 1794 Cents. . .

I have great pleasure in announcing that I have reprinted and copyrighted the valuable work of Messrs. Hays and Frossard on the United States Cents of 1794. The unknown numbers given for "38" and "53" have been left unfilled, and at the end have been added the newly discovered three varieties, together with a full description of each. The No. 8 turns out to have 94 stars on the reverse. Mr. E. Gilbert has added a list giving comparative rarity of each number.

The splendid Gilbert Collection, together with Mr. Millers' five choice numbers, and Mr Newcomb's "Steigerwalt" variety, have all been photographed and are shown on four fine plates. **The general condition of these pieces is considerably better than the original Hays Collection,** as the plates will show, which fact will interest collectors of these cents.

Owing to the great demand for the Hays book, of which 1,000 copies were printed, but which is now out of print, and commanding around $5.00 at public sale, the issuing of my new edition will be good news to American numismatists.

Only 300 copies have been printed and plated, so there should be no delay on the part of collectors in adding this work to their libraries.

For Sale in two editions: Burlap brown cover, with plates, $2.50. Cloth, with plates, $3.00. Prepaid on receipt of the above price.
